# SITUATION SUMMARY

#### SPILL: 15-6201, Chlorine Release, Santee, San Diego County

- The California State Warning Center (CSWC) was notified by the FDO of a chlorine release at 1106 hours. A spill report for this release was taken by the CSWC at 1119 hours. A chemical pump located at a YMCA failed for unknown reasons. This caused a release of less than 300 gallons of bleach to exit containment and reach a nearby storm drain. The storm drain leads to the San Diego River. A San Diego Hazardous Materials unit is on-scene conducting a test of the storm drain basins to determine the extent of the release. Rio Seco Middle School has been closed due to the release. At the time of this report, 12 students and 10 adults from the school have been taken to an unknown local hospital for treatment. Ocean Blue (contractor) will be conducting clean-up.
- Cal OES FDO Reports as of 1054 hours, the spill has been mitigated and buildings are being ventilated. The number transported to area hospitals is now 80. 5 adults and 75 children to be seen by Physicians.

#### **Proclamations**

- On 10/20/2015 at 1221 hours the California State Warning Center (CSWC) received a Proclamation for the City of Lancaster. There are no requests for assistance.
- On 10/20/2015 at 1221 hours the CSWC received a Proclamation for the City of Palmdale. There are no requests for assistance.
- On 10/20/2015 at 1500 hours the CSWC received a Proclamation for Fresno County. Fresno requests the Governor proclaim a State Of Emergency and Seek a Presidential Disaster Declaration.

#### Knights Landing Community Services District Well Failure, Yolo County

- Per Cal OES IDO: Knights Landing Community Services District (CSD) reported a well failure on 10/12/15. This follows a separate well
  failure several weeks ago. The CSD is now operating on one well. In support of Yolo County and the CSD, Cal OES is coordinating with
  State Water Board to investigate funding sources to support repairs.
- A submersible pump was installed in the original failed well; however water yield is lower than before the failure.
- Yolo County EOC at Level 1 Monday Friday from 0800-1700 in support of Knights Landing CSD Well Failure.

# **SITUATION SUMMARY**

#### **Cal OES Activation Status**

- · State Operations Center: Level 1
- · Inland Region EOC: Level 1
- Coastal Region EOC: Level 1
- · Southern Region EOC: Level 1
- The Cal OES State Operations Center (SOC) transitioned to Joint Field Office (JFO) operations with FEMA to support recovery operations of the Butte and Valley Fires.

#### Cal EOC Incident - 2014 Drought

• SOC / Inland REOC remains activated in support of 2014 Drought

#### **Weather of Concern**

· No significant Weather Watches or Warnings are in effect.

#### **Active Weather Warnings, Watches and Advisories by County:**

http://www.wrh.noaa.gov/sto/brief/wwa bc cal.php

# **WEATHER**

#### **WEATHER SYNOPSIS BY REGION:**

#### NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

#### **Eureka Weather:**

A broad area of high pressure will maintain mostly dry and warm conditions across northwest California through the work week. Overnight and morning clouds with patchy areas of drizzle can be expected near the coast.

#### **Medford Weather:**

An upper level ridge is in place over the region today but will gradually shift east late in the day as a weak shortwave trough moves towards the area. The ridge pattern will result in warm daytime temperatures over the area and continued dry weather.

#### Reno Weather:

High pressure returns to the region, bringing dry weather and generally light winds for the next few days. Temperatures will be near or slightly below average through Friday, then warm up slowly by the weekend. Low pressure may bring a chance of rain back to the region by the middle of next week.

#### San Francisco Weather:

An upper level high pressure ridge extends over the eastern pacific and west coast. The ridge will weaken somewhat today as a weak impulse moves across on Thursday. This will bring cooler temperatures to the area as well as locally breezy conditions in the hills.

# **WEATHER**

#### **WEATHER SYNOPSIS BY REGION:**

#### CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

#### **Sacramento Weather:**

Warm and dry weather continues this week. Locally breezy north winds will remain across portions of the Central Valley into Thursday.

#### **Hanford Weather:**

Mostly clear skies with a gradual warming trend over the next several days as high pressure invades the area. High clouds on Thursday through the region as a weak trough brushes by.

#### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

Offshore flow will bring mostly clear skies and a warming trend through tomorrow. A return of onshore flow will result in cooling and a possible return of low clouds and fog for parts of the coastal plain on Thursday. Warmer weather will likely return by the weekend as a weak ridge of high pressure develops.

#### Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

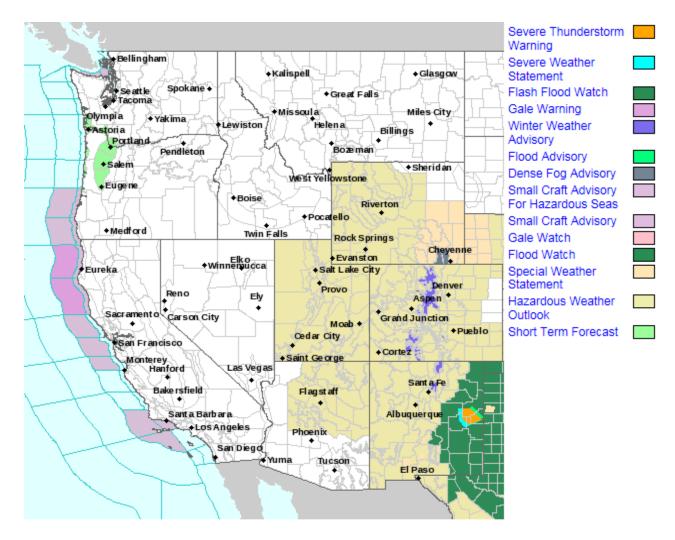

A low pressure system will move east into Arizona today which will bring warmer and drier weather and a northerly offshore flow. Expect night and morning low clouds tonight and Thursday nights west of the mountains. This weekend high pressure building over the west coast will bring yet another warming trend with high temperatures expected to be about 10 degrees above normal for this time of year. Mild weather with weak onshore flow will continue through early next week.

#### **Southeast California Weather:**

A deep area of low pressure centered over Arizona will gradually shift to the east during the day on Thursday. Until then elevated chances of showers and thunderstorms will be present over the eastern half of Arizona. Much cooler air today and Thursday will result in temperatures well below normal but a gradual warmup will occur going into the weekend. Drier conditions will set in across the region by Friday and lasting well into next week under mostly clear skies.

# **CAL OES 2014 DROUGHT**

#### Cal EOC Incident - 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <a href="http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf">http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf</a>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every other Monday at 1100 hours.

# **CAL OES 2014 DROUGHT**

#### Cal EOC Incident – 2014 Drought

#### **Local Emergency Proclamations:**

A total of 61 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).
